

CONSERVATION TRAINING PARTNERSHIPS

Teen & Adult Team participate in a two-day **hybrid workshop** then design and carry out an **environmental action** in their hometown:

- Learn about local conservation and natural resources!
- Gain hands-on experience with web & mobile mapping apps!
- Apply tools to address environmental issues & benefit your community!

Rising 9th-12th grade students & adult volunteers may apply
Do **not** need to apply with a teammate

No tuition required - **free** for all participants
